ADVICE FOR CARE AND USAGE | PFLEGE UND BENUTZUNG

- The flooring must not be pinned down by heavy objects such as water beds, kitchen units, fireplaces, aquariums, etc.
- Furniture must be fitted with gliders/felt pads. Only use soft rubber chair castors.
- Protect entrance areas with door mats
- Only wipe with a damp cloth along the length of the planks
- Only use suitable cleaning and maintenance products
- Maintain a constant room temperature of 20°C/68°F and 40-60 % humidity
- After a certain period of time permanently covered areas may differ in colour from areas exposed to daylight.
- Do not exceed the maximum surface temperature of 29°C/84°F. Beware of heat build-up under covered areas!
- When installing on underfloor heating, the floor must be heated evenly over the whole area.

- Keine Fixierung durch schwere Gegenstände (z. B. Wasserbetten, Küchenzeilen, Kamine, Aquarien, etc.)
- Möbel mit Filzgleiter versehen. Nur weiche Stuhlrollen verwenden
- Eingangsbereiche durch Schmutzmatten schützen
- Ausschließlich nebelfeucht in längsseitiger Dielenrichtung wischen
- Passende Reinigungs- und Pflegemittel verwenden
- Konstantes Raumklima von 20°C/68°F und 40-60 % Luftfeuchtigkeit einhalten
- Dauerhaft verdeckte Flächen können sich durch Lichteinfluss nach gewisser Zeit farblich unterscheiden.
- Max. Oberflächentemperatur von 29°C/84°F beachten. Bei verdeckten Flächen Wärmestau beachten!
- Bei Verlegung auf Fußbodenheizung muss diese durchgängig/flächig verlegt sein.
